FOUNDING PRINCIPLE

"We earn trust through technical excellence and precision, deliver it with transparency, and stand behind every assignment with the accountability our clients depend on."

ABOUT US

A Marine Contracting & Services Company.

Founded on the principles of trust, technical excellence, precision delivery, and accountability — Adonia is a Mumbai-based Marine Contracting & Services Company serving ports, vessel owners, shipyards, insurers, logistics operators, EPC contractors, and financial institutions across India and internationally.

Our verticals span inspections, surveys & audits, heavy-lift support, salvage, contingency planning, recycling & debris management — delivering comprehensive, accurate, and timely solutions tailored to the unique demands of each engagement.

OUR CORE VALUES

04

01 Uncompromising Quality

Global standards, applied without exception across every project deliverable. →

02 Client-Centric Partnership

Built on trust, transparency, and open communication at every stage. →

03 Innovation & Adaptability

Staying ahead of the curve so our clients always have the operational edge. →

04 Safety First, Always

Non-negotiable, prioritised above all else, on every site, every day. →
